

# **Intersoft<sup>®</sup> DK**

**Rapid Hand Sanitiser**

## Intersoft DK

- **Fast acting.**
- **Exceptionally gentle hand cleaning system.**
- **Proven efficacy against bacteria and fungi.**
- **No residual effect allowing the skin's flora to renew**
- **In tests exceeded the statutory bacteria kill rate by 100 x.**
- **Only 3ml per hand wash.**
- **Three types of product dispensers:**
  - **Aluminium case & high-grade steel handle.**
  - **Stainless steel wall bracket for bottle neck mounting.**
  - **Free standing pump dispenser (shown).**

Intersoft® DK's gentle cleaning action minimises skin problems associated with some hand hygiene products.

**Active ingredients:** Benzalconium chloride, Propan-2-ol, Cocamidopropylbetain

### DGHM approved (German Association For Hygiene and Microbiology) approved rates

Intersoft DK has been approved by the German Association for hygiene and Microbiology (DGHM) as a hand decontaminant. In tests Intersoft® DK removed 100 times more bacteria than was required to gain approval under the DGHM's stringent guidelines.

A leading anti-bacterial hand soap		Intersoft DK		
Organism	%age reduction @ 30 secs	% age reduction	Time (secs)	Comment
Staphylococcus aureus	99.05	>99.999	15	> 3 log difference
Pseudomonas aeruginosa	95.08	>99.999	15	> 3 log difference
Enterococcus hirae		>99.999	15	

The comparison above shows the difference in efficacy between Intersoft® DK and a market-leading anti-bacterial hand soap (data taken from the competitor's web site). These results show that of the organisms tested, Intersoft® DK would 1000 times fewer bacteria after hand cleansing than the competitor product.

Tests show that the average hand washing time is 30 seconds.

**Pack sizes available:** 10 x 1 Kg + 1 free standing pump dispenser FOC

### Instructions for use:

- **Apply a minimum of 3ml Intersoft DK and rub thoroughly into the hands for 30 seconds,**
- **Foam with water for 15 seconds and rinse-off.**

Wall mounted dispenser also available.

## Use Biocides Safely.

**Always read the label and product information before use!**
