

Intersoft[®] W

Hand Cleaner

Intersoft W

- Removes oil, grease and tar from hands
- Contains no solvents
- Works without using abrasives
- Kinder to the skin than conventional products
- Pleasant fruity smell
- Three types of product dispensers:
 - Aluminium case & high-grade steel handle.
 - Stainless steel wall bracket for bottle neck mounting.
 - Free standing pump dispenser (shown).

Intersoft® W doesn't rely on solvents or abrasives to remove oil, grease and tar, this result in less wear to the skin and better for everyday use.

Directions for use

Intersoft W is ideal for people who need to clean heavily soiled hands on a daily basis.

- Slaughterhouses
- Butchers
- Automotive industry
- General use on farms

Intersoft W's gentle cleansing action reduces the risk of skin problems which may be associated with conventional abrasive based products

Good hygiene practice

Apply a minimum of 3ml Intersoft W to the hands, rub into the skin for at least 30 seconds, then foam with water for 15 seconds and rinse off.

Use Biocides Safely.

Always read the label and product information before use!

Pack sizes available: 10 x 1 Kg + 1 free standing pump dispenser FOC

Wall mounted dispenser also available.
