

OreGin

OreGiN

The natural 'in feed' solution, that improves bird performance and helps fight the disease challenge.

OreGiN

Utilises the natural antimicrobial, antioxidant and anti-inflammatory properties of its constituent essential oils.

What is it?

OreGiN is a combination of the 'essential oils' of **Oregano**, **Ginger** and **Nutmeg**, specifically formulated to match the requirements of **Gamebirds**.

How does it work?

OreGiN-has beneficial properties that:-

Stimulate feed intake.

Reduce harmful bacteria in the digestive system.

Stimulate the birds own defensive immune system.

What are the benefits? OreGiN:

Produces stronger birds.

Produces healthier birds.

Reduces mortality.

Improves feed utilisation.

OreGiN from **Moore Tang Palatability** the natural solution, for strong healthy **gamebirds**.
